Forecast for Tuesday 07 Jun 2022

Weather: Dry overnight clear spells and a little patchy cloud. Mainly dry and bright during daylight hours with spells of sunshine, although cloud could be more extensive at first around Ben Wyvis and up to Ben Hope. However, an isolated shower possible later in the afternoon and early evening.

Chance of cloud-free hill tops above 800m: 90%, but 40% at first in the east

Low cloud and visibility: Mostly no significant low cloud expected, but occasional or extensive cloud, base 400 to 800m, possible at first in the east. Visibility very good, but moderate or poor in any early cloud.

Met Office Aberdeen Meteorologist's View
Nothing further to add.

Forecast for Wednesday 08 Jun 2022

Weather: Becoming rather cloudy overnight with some mist, although still mainly clear over Skye and around the west coast. Some low cloud and mist possible at first in the glens, this lifting and clearing during the morning. Mainly dry and bright during the afternoon and evening with sunny spells, although an isolated shower possible and patchy low cloud and mist could return to northern and eastern glens by midnight.

Maximum wind: East 10 to 15mph.

Chance of cloud-free hill tops above 800m: 50% overnight and early morning, becoming 90% in the afternoon and early evening.

Low cloud and visibility: Occasional or patchy cloud, base 300 to 600m, mainly north and east, lifting and breaking above the summits in the afternoon. Poor or very poor in any early low cloud, but often good or very good in the afternoon and evening.

Temperature: **Glens:** Plus 7 rising to 20 Celsius
At 800m: Plus 4 to 10 Celsius
Freezing level: Above the summits.
